EARLY CHILDHOOD EDUCATION (ECCE) & PRESCHOOL MANAGEMENT

**BECOME A CERTIFIED NURSERY TEACHER AND
BUILD A CAREER THAT SHAPES YOUNG MINDS**

By

Academic Partner

Why Early Childhood Education Matters

The first five years don't just prepare children for school - they shape them for life.

Research consistently shows that the foundations of learning, behaviour, language and emotional development are established during the early years. A nurturing preschool teacher can profoundly influence a child's confidence, creativity and lifelong love for learning.

20 lakh*
additional preschool teachers
required in India by 2030

18 lakh+*
teachers require upskilling

20%
parents already seek
professional ECD support

75%
higher earning potential with
professional NTT certification

Why this matters?

The National Education Policy (NEP 2020) recognises Early Childhood Care and Education (ECCE) as the foundation of India's education system, placing greater emphasis on quality preschool education and professionally prepared educators. As more parents seek nurturing, development-focused learning environments for their children, the demand for skilled nursery teachers continues to rise.

Nursery Teacher Training (NTT) is the pathway to becoming a qualified preschool educator. It transforms aspiring teachers into confident professionals through practical training, child-centred teaching methodologies and hands-on classroom experience.

* As estimated by AREF. Data excludes Anganwadi centres

A Career That Creates Lifelong Impact

Teaching is more than a profession—it's the opportunity to influence a child's earliest experiences and shape the future, one classroom at a time.

What is Nursery Teacher Training (NTT)?

Nursery Teacher Training (NTT) is a specialised professional programme designed to prepare aspiring educators to teach children between 2 and 6 years of age.

At AREF, NTT is more than earning a certificate. It's about becoming a confident, classroom-ready educator equipped to inspire young learners and build a rewarding career in Early Childhood Education.

Through the programme, you'll learn to:

- Understand child psychology and development
- Plan engaging, activity-based lessons
- Create safe and inclusive learning environments
- Foster cognitive, social and emotional development
- Build meaningful relationships with children and parents
- Manage a preschool classroom with confidence
- Set of tools and techniques to help you operate as a high-end ECD professional

Perfect for:

- Fresh Graduates
- Homemakers
- Women Returning to Work
- Existing Teachers
- Childcare Professionals
- Anyone Passionate About Working With Children

WHY CHOOSE NURSERY TEACHING?

- High demand for qualified preschool educators
- Opportunities across preschools, kindergartens and daycare centres
- Flexible career path for women returning to work
- Profession that combines creativity & empathy
- Parents today seek high-level professionals for skill development of their kids

CAREER PATHWAYS

- Nursery Teacher
- Preschool Educator
- Kindergarten Teacher
- Daycare Educator
- Curriculum Facilitator
- Preschool Coordinator
- Academic Supervisor
- Centre Head
- ECD Consultants

BEYOND EMPLOYMENT

The programme also prepares you to:

- Start your own preschool or learning centre
- Work as an independent educator or tutor
- Conduct parent-child learning sessions
- Explore opportunities in educational content and curriculum development

12 Practical Skills You'll Master

Each module is thoughtfully designed to equip you with practical, industry-relevant skills that prepare you to become a confident, classroom-ready preschool educator.

AREF and GBSRC, Dr. D. Y. Patil Vidyapeeth Launch Nursery Teacher Training Partnership Program to Strengthen Early Childhood Education

July 2, 2020 | Trend Acharya | Education | 0/0

f x v e p g

India, July 2: In a significant step towards enhancing the quality of preschool education in India, Adulvare Research and Education Foundation - Pune, in collaboration with the Global Business School and Research Center, Dr. D. Y. Patil Vidyapeeth, Pune, has announced the launch of its Nursery Teacher Training Partnership Program.

The initiative aims to empower preschools, educational institutions, NGOs, training centres, and skill development organizations to establish and successfully operate One-Year and Six-Month Nursery Teacher Training Programs under a comprehensive academic and operational support system.

Dr. Branchi Jena, Director of Adulvare Research and Education Foundation, says
